## EXAMINER'S COMMENT

The Information Disclosure Statement, filed 1/27/06, has been entered into the record. However, references NPL22-26 have been lined through for the following reasons:

NPL22 and NPL23 do not provide the exact date of submission of the clones (i.e. MM/DD/YYYY). "Updated" clones could have been deposited numerous times throughout the year. Therefore, reference as to only the year when the clones were deposited is insufficient identifying information. Furthermore, no "first available" year is provided in reference NPL22.

NPL24-NPL26 are not in proper format for an IDS. The references of the Search Report should be cited individually on the IDS.
